Wholesale Price List

FOR SPRING 1955

Because of existing conditions the prices contained herein are subject to change without notice.

Charles Fiore Nurseries

Tel. Exchange - Libertyville 2-3004

Post Office

PRAIRIE VIEW 1, ILLINOIS

CONDITIONS OF SALE

Prices F. O. B. Prairie View, Illinois. Packing charges are in addition to cost of plants. No charge for packing car lot orders in bulk. All shipments at purchaser's risk.

Orders are accepted subject to prior orders, crop conditions, and to delay or injury to our nursery stock due to strikes, accidents, fire, floods, hail, etc.

The CHARLES FIORE NURSERIES, INC. warrants to the extent of the purchase price that nursery stock sold is true-to-name and as described within recognized tolerances. Seller gives no other or further warranty, express or implied, and will, under no circumstances be liable for more than the invoice value at the time of purchase. We cannot assume any warranty as to productiveness after transplanting.

These prices are all for the trade only and in no case will they be allowed to retail customers. When writing, please use letterhead stationery.

TERMS ARE CASH and to those who have established credit with us—net 30 days. C.O.D. orders must be accompanied by ONE-FOURTH CASH. Credit of 30 days net may be established with us by security or satisfactory reference.

This list cancels all previous lists and may be subject to change without notice.

QUANTITY RATES

| 1 to | 9 plants of one variety Single rate | • |
|--------|--------------------------------------|---|
| 10 to | 49 plants of one variety 10 rate | 2 |
| 50 to | 249 plants of one variety 100 rate | • |

MALUS aldenhamensis Aldenham Purple Crab

Reddish tinge to foliage. Semi-double crimson flower. Dark purple. - 25'

arnoldiana Arnold Crab

Soft pink flower changing to white. Fruit red with yellow cheek. - 20'

atropurpurea Crab

Similar to Floribunda except flowers are deeper pink. Dark fruit. - 15'

atrosanguinea Carmine Crab

Carmine buds changing to dull pink when open and dark foliage. Small red fruit. - 20'

baccata Siberian Crab

Fragrant white flowers. Yellowish-red fruit. Bright green foliage. - 30°

coronaria ∀Wild Sweet Crab

Fragrant pink flowers. Fruit useful for jellies. - 25'

coronaria charlotte wolfi Charlotte Crab Similar to above Crab only much more showy. - 15'

dolgo Dolgo Crab

Large white flowers. Rich red fruit used for

dr. van fleet Crab

Fine pink flowers, Good Bloomer. - 18'

eleyi Eley Crab

Purple-red foliage. Flowers purplish-red. Red fruit. - 15'

flame Crab

Deep pink-red flowers and dark fruit. - 15'

hartwigii Hartwig Crab Flowers pink in buds turning to white, born in large clusters. Bright green foliage. Yellowish-

large clusters. Bright green foliage. Yellowish-green and red fruit. - 15'

hopa Hopa Flowering Crab

Rose colored flowers. Heavy bloomer. Fruit orange and red. - 18'

ioensis Prairie Crab

Pink flower, Native Crab. Large green fruit. - 15'

ioensis fiore's improved

jellies.

Heavier bloomer than above and freer grower.-18'

mathew Mathew Crab

A single pink flowering crab. Good foliage.

micromalus Midget Crab

Showy pink flowers. Greenish-yellow fruit. Upright grower. - 10'

(Continued to next page)

Each Each Each Each per 100

MALUS 'neidzwetzkyana

Red Vein Crab

Mature leaves tinged red. Flowers deep pink or red. Fruit and bark also reddish. - 18'

parkmanni

Parkman Crab

Double rose pink flower, born in clusters. Large red fruit. - 15'

prunifolia rinki

Chinese Pearleaf Crab

Pinkish-white flower. Eatable greenish apple. Sometimes the fruit is red. Grey foliage.

~red silver

Red Silver Crab

Crimson flower. Red fruit. Foliage semi-cut with silver and red color. - 18'

robusta

Cherry Crab

Large white flower occasionally tinged with pink. Very fragrant. Dull red or yellow fruit. - 30'

√ scheideckeri

Scheidecker Crab

Deep rose buds opening to pale pink. Slender grower. - 20'

$^{\lor}$ siberian

Siberian Crab

White flower. Upright grower. - 30'

snowbank

White flower. Large grower. - 30'

spectabilis

Chinese Crab

Semi-double pink flower. Fruit very small and yellow. - 15'

theifera (hupehensis)

Buds rose red, expending to almost white. Tiny red fruit. - 20'

toringoides

Cutleaf Crab

Flowers pinkish-white. Yellow fruit with red cheek almost pear shaped. - 15'

whitney

Whitney Crab

Eatable fruit. Good for jellies.

zumi calocarpa

Zumi Cal. Crab

Pink buds opening pure white. Bright red to orange fruit. - 18'

TAXUS (Yew Tree)

The Yew tree is an ornamental woody plant, grown for their dark green foliage. They are desirable for park plantings, foundation plantings, well suited for hedges and easily trimmed into any desired shape. They are much used for fantastic topiary work. The wood of the Yew is heavy, hard and of reddish color. Because of their slow rate of growth it takes years to develop a plant for the market; thus, the heavier cost per plant in comparison to other varieties.

BROADLEAF EVERGREENS

BUXUS koreana fiorii

Korean Boxwood

Hardiest of all Boxwood for this part of the country. We have been growing this variety for over twenty years. Foliage is almost olive-green while the plant grows more spreading than oval or upright. Very slow grower. Suitable for edging and hedges. Trims nicely for almost any form. - 4'

WHY YOU GET THE BEST— WHEN YOU BUY FROM US!

Our trees, shrubs, evergreens, etc, are grown for high-class landscape work in order to give an immediate effect when set out.

Our plants are grown on fertile soil and well-spaced in rows. All our nursery stock is well fertilized periodically in order to get the best color in the plants and at the same time keep them in the healthest condition.

Our plants are given individual attention in the proper shearing so as to put them in the best possible balanced symetrical shape and to give them the most compact bodies possible.

Our nursery stock is many times transplanted, giving them the chance to develop the fine, fibrous root system, so necessarily needed in order to move these plants with ease and safety.

Weeds are constantly being eliminated and the ground kept moist by constant cultivation by horse, by machinery and by hand hoeing.

Spraying is done, when needed to rid the plants of any insect pests.

Therefore, we take great pride in saying that we grow some of the best specimen stock to be found anywhere in this section of the country.

When you are in the vicinity, drop in at our Nurseries and let us show you our nursery stock.

CHARLES FIORE NURSERIES. INC.
